KICKOFF: GREEN FLEET VEHICLE "TURNKEY" PROGRAM:

July 27th, 28th and 29th

Clean Cities-Green Fleet Vehicles & Grand Prix California Theatre

Entity Interest Form:

NAME: _____

DATE: _____

Program Information: The TURNKEY GREEN VEHICLE program combines five (5) Electric City Vehicles (Pickups or Sedans) with the Solar Covered Enclosure, Fat Spaniel Energy Monitoring Software, Program Management, Training, On-site Maintenance and Installation in one package. This allows your business or campus to GO GREEN quickly.

The Green Package can be financed for four years for approximately \$7,000 to \$9,800 per month with the first payment in 2008 and the equipment installed in approximately 120 days. Delivery Scheduling based upon a first come -first served basis.

Interested Party Information: If you are interested take one of these forms and contact us for an appointment to discuss the project. We will take orders in the sequence we are contacted and Silicon Valley Edition TM and Fat Spaniel Technologies will work with your company to professionally implement your Green Turnkey Program.

Please mark an "X" on the program you prefer:
